

BaMidbar Wilderness Therapy

Field Coordinator

POSITION DESCRIPTION

THE PROGRAM

BaMidbar Wilderness Therapy promotes whole-health wellness in the Jewish community by elevating the conversation around mental health and providing wilderness-based journeys of self-discovery, hope, and healing. BaMidbar hosts three core programs: 4-week therapeutic expeditions for Jewish young adults (18-28 year olds); 4-week adventure and wellness programming for adolescents (15-17 year olds), and an experiential educator course. All of our core programs use nature and adventure-based experiences as part of a therapeutic process that promotes emotional, physical, and spiritual wellness; use Jewish metaphor and storytelling to build personal as well as Jewish identity and values; support individuals in building strong and healthy relationships; and, increase open dialogue around mental health and addiction in the Jewish community.
