

## BASECAMP INTERN POSITION DESCRIPTION SUMMER 2022 - SEASONAL

### **ABOUT BAMIDBAR**

BaMidbar envisions a Jewish community that actively supports its members in cultivating mental health and wellness. Using a three-pronged approach, we address mental health and wellness in the Jewish community by promoting teen and young adult resilience through prevention programs, supporting Jewish communal professionals through mental health education programs, and serving young adults struggling with mental health challenges through treatment programs. While BaMidbar runs mental health prevention, education, and treatment programs, all programs are built off of four core pillars:

- **Wilderness as Therapy:** Experiential models are used as a vehicle for growth. Students are challenged and given the opportunity to apply learning in a safe and supported environment.
- **Clinically Informed Framework:** Licensed mental health professionals design programming and trained guides facilitate experiences with an eye toward social, emotional, and spiritual growth.
- **Jewish Values and Metaphor:** Jewish tradition, metaphor, and storytelling are used to support students in exploring meaning, values, purpose, and identity.

**Mental Health Awareness:** Programs work to increase open dialogue and decrease stigma around mental health in the broader Jewish community.
